

5. FISHERIES AND VETERINARY SCIENCES		
ORAL PAPER PRESENTATION		
Sl No.	Reg No.	Title
1	10868	Molecular and functional characterization of a histone H2A-derived Antimicrobial peptide, Hipposin from Milk fish <i>Chanos chanos</i>
2	14311	In vitro culture and characterization of a cell line from the spinecheek anemone fish <i>Premnas biaculeatus</i> (Bloch, 1790)
3	15401	The genomic dissection of diversity among native goats of Kerala farmed under small holder production system
4	15468	Genetic evaluation of crossbred cattle of Kerala for fertility and production performances
5	15531	Viral disease profile of fish culture in Kerala: Molecular epidemiology during 2019-21
6	15573	Post- mortem diagnosis of rabies in animals using microchip-based RT-PCR on nuchal skin specimens for scaling up rabies surveillance
7	15604	Primary hemocyte culture of <i>Penaeus monodon</i> : an in vitro model for shrimp virus investigations and development of antiviral chemotherapy
8	15677	Immobilized <i>Bacillus cereus</i> MCCB101 as a bio-augmentor preparation to support ecosystem-based approach in aquaculture
9	15871	Application of endophytic <i>Penicillium citrinum</i> extract to control <i>Vibrio harveyi</i> in <i>Penaeus monodon</i> culture system
POSTER PRESENTATION		
Sl No.	Reg No.	Title
1	11113	Growth performance and survival of guppy (<i>Poecilia reticulata</i>) in response to chitosan flocculated marine microalga <i>Picochlorum maculatum</i> macc3 supplemented diets
2	13682	Influence of designer diet and holy basil (<i>Ocimum sanctum</i>) leaves on serum lipid profile of layers
3	15473	Molecular characterization demonstrates the occurrence of phylogenetic similar isolates of <i>V. alginolyticus</i> and <i>V. parahaemolyticus</i> in aquatic environment
4	15501	Multidrug resistant <i>Edwardsiella tarda</i> in goldfish, <i>Carassius auratus</i> : a crisis for concern in ornamental fish industry
5	15544	Improvisation of seed production technology of scampi through probiotic and immunostimulant- based interventions
6	15647	Feeding habits of the deep-sea pandalid shrimp, <i>Plesionika semilaevis</i> , Spence bate, 1888 from the Southwest coast of India
7	15649	Food and feeding of deep sea penaeid shrimp, <i>Metapenaeopsis andamanensis</i> wood-mason, 1891, along the South West coast of India.
8	15725	Shell grit as free choice calcium source for gramasree male birds
9	15764	In search of anti-vibrio activity in commonly seen plant species in the region
10	15796	First report on <i>Streptococcus agalactiae</i> involvement in the mortality of genetically improved farmed <i>Tilapia</i> (gift) in Kerala, India
11	15829	Environmental impact study of aquaculture systems through life cycle assessment
